HATS, CAPS AND STRAW GOODS,
WHOLESALE AND RETAIL.

WE ARE NOW RECEIVING, expressly for the Spring trade, a very large and well-selected assortment of Spring and Summer HATS and CAPS of all the latest and neatest styles to be found in the Eastern market.

All kinds of silks, satin, crape, straw, leghorn, Dunstable Bonnets, hats, gypsies, bloomers and riding hats, both American and imported, that the market affords; an excellent assortment of French and American flowers, ruches, bonnet frames of all kinds, bandboxes, travelbags, &c.

Also a heavy line of Parasols and Umbrellas of all grades and at all prices.

Our connection with Eastern houses affords us facilities for purchasing goods at figures which enable us to sell them at rates which will make it an object for country merchants to give us their patronage. A stock better adapted to the Wisconsin trade was never brought to this Market, and we pledge ourselves to sell as low as any other house in the West.

We received the first premium on hats, caps and furs at the last State Fair.

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.
Beware of Counterfeits!

IN consequence of ill-health, I have felt it my duty under the advice of my physician, to give up business entirely. I have sold out my stock of Books, Stationery, &c., to Henry Kempshall, who has been with me during the past year, and for the four previous years with Messrs. D. Appleton & Co., of New York.

Matters in Kansas.

The *News* of yesterday announces, in one column, that "the game of Bleeding Kansas" is played out and all is peace, and in the next publishes and endorses a communication from "a friend" at Topeka, charging the Black Republicans with a diabolical plot to make Kansas a Slave State, so as to keep up the "game" till the next Presidential election. The *News* does not inform its readers which of these two exactly opposite statements it is prepared to swear by; but prudently leaves them to receive, or reject both. We quote a few paragraphs from its Topeka correspondence, to show the *animus* of its writer:

> Kansas votes, on the 3d Monday of June, for Delegates to a Convention to frame a constitution for a State Government. Undoubtedly, there are three free State men to one for slavery; but the leaders of the Republicans are trying to have the free State voters not vote, so as to let it frame a Slave Constitution, and have it presented to a Democratic administration next winter.—Knowing she will be admitted under a Constitution legally made, and intending to charge the admission of a Slave State upon the Democratic party, and make a Republican President out of their own corruption in 1860.
>
> * * * * * * *
>
> I fear that the leaders of this plan will succeed in keeping a sufficient number of voters from the polls to secure a majority of Pro-Slavery members in the Convention; if so, of course she will be a Slave State. In that event, you can easily foresee the ground that the Republicans will take in the next Congress. Every Republican member, in both Houses of Congress, will vote against her admission. As I said before, she will be admitted, because her Convention, next June, *will be according to law*, and *no question can be raised as to the legality of the election of its members*. I tell you, sir, the above plan is a bold push for the next *President*; but God is just, and I trust he will thwart the schemes of all such men for such unholy purposes.

This, no doubt, is the "false pretence" under which Sham Democracy intends to smuggle Kansas into the Union as a Slave State. The *News* vouches for the writer, and he is at least a good witness for his own side. Just look at the case, as he puts it.

Because the friends of Freedom in Kansas refuse to participate in an election ordered by a *bogus* Legislature under an odious Registry law which disfranchises thousands of foreign-born, as well as native residents, and which was *designed* to throw the power into the hands of the Pro-Slavery men, the organs of Sham Democracy seek to hold the Free State men responsible for the result. And knowing the foregone conclusion of Buchanan & Co. to bring Kansas in as a Slave State, these false guides set up the cry that this conclusion is inevitable, because the Convention about to be held in Kansas "will be held according to law" and no question can be raised about the election of the members. But the cheat is too transparent in both these cases to impose upon the intelligence of the people.—The Free State men have again and again avowed their willingness to go into an election and test the question of Freedom, or Slavery in Kansas, by an appeal to the popular vote, *whenever they are guaranteed fair play*. They have offered to take part in this very election of June 3d, if the ballot-boxes shall be guarded against Missouri invasion and every *bona fide* resident and legal voter in the the Territory secured in the exercise of his rights. They stand ready *to-day* to try titles with their Pro-Slavery opponents, if they can find an honest and impartial tribunal before which to bring suit. But so long as FRAUD controls the registry of electors, so long as FORCE drives off the legal, and backs up the illegal voters; so long as a judge more infamous than JEFFRIES presides in their courts; so long as blood-stained MURDERERS hold the Federal offices and wield the Federal power; so long, in short, as every avenue to Justice is closed against the Free State men and every chance of fair play denied them; they do right, indisputably right, in refusing to take part in the mock election of June 3d. And if the Federal Administration and the Sham Democratic Party, in the face of all the wrongs and outrages which have been perpetrated in Kansas, and the deliberate, repeated and atrocious frauds and villainies which have been practiced there, to carry out the designs of the Slavery Propaganda—if, we say, Mr. BUCHANAN and his backers shall aid and abet this attempt and bring Kansas into the Union with the brand of Slavery upon her brow and its shackles and manacles about her limbs, upon them and them alone will rest the responsibility of this crowning infamy. The *News* and its correspondent are at least right in proclaiming thus early that every Republican in Congress—aye! and out of it, too—will resist to the uttermost this contemplated crime against Liberty, Humanity and Democracy. We shall leave to our opponents the undivided and undisputed *glory* of having "crushed out" Freedom in Kansas and extended Slavery in the United States. What a proud achievement for a "Democratic" Administration, in this, the Nineteenth Century of the Christian Era and in the only Free Republic upon the Globe!

ADVERTISING IN IOWA—RAILROAD WEST.—The *Intelligencer*, published at St. Charles, Iowa, some 60 miles west of McGregor, contains advertisements of Messrs. A. B. VAN COTT, GEO. DYER, HAVERSTICK, BENNETT & CO, L. BONNELL, M. G. ELMORE & CO, E. N. HURD, VOSE MITCHELL & CO, H. BOSWORTH & SONS, DUTCHER & SEXTON, H. J. NAZRO CO, SINCLAIR & GUNNISON, SALSMAN & BOOTH and SWAYFIELD & RUSSELL of this city, showing that some of our merchants at least, are preparing for a rich harvest of trade.

The same paper has an account of a public meeting held at St. Charles, on the 7th inst., in relation to the McGregor, St. Peters and Missouri R. R., the extension westward of the Milwaukee & Mississippi R. R. Mr. CLINTON, one of the Directors of the latter company, was present and addressed the meeting.

BAD AX COUNTY.—The full vote of Bad Ax county, at the recent judicial election, was 609 for Whiton, and 244 for Cothren. One town, Forest, made no returns, and two, Greenwood and Hillsboro', did not send in their returns till after the county canvass. J. E. NEWELL, for County Judge, had 248 majority. The Viroqua *Times* says that only about half the vote of the county was polled.

"PORTAGE CITY RECORD."—This is the new name which the *Independent*, of Portage City, takes, under its new proprietors. Messrs. DAVIS and TURNER, the present Editors, have improved the paper much, and it it now one of the best of our interior exchanges. The *Record* is a thorough Republican journal, well worthy of a large patronage, and abundant success.

AMENDMENTS TO THE MASSACHUSETTS CONSTITUTION.—The Boston *Traveller* says that the amendments proposed to the Constitution of Massachusetts have been carried. The one requiring that voters shall be able to read and write, received a two-thirds vote, while those requiring that members of the legislature shall hereafter be chosen by districts instead of towns, received four-fifths of the votes cast.

LA CROSSE AND MILWAUKEE R. R. CONTRACTS. The Kilbourn City *Mirror* says that the grading of the 20 miles northwest of that place has been sub-let by Chamberlain & Co. to Butler and Dean, and the next 15 miles to Garfield & Co.

BEAVER DAM LOAN.—The citizens of Beaver Dam are to vote May 11th, on the question of a loan of bonds to the Beaver Dam and Baraboo Railroad.

A GREAT JOKE.—The New York *Mirror* publishes a poem, a column and a half long, addressed to Robert J. Walker, by his sister, on the occasion of his becoming Governor of Kansas. That her sisterly affection should prompt her to sing his praises as his "country's pride and glory" is not wonderful, but that the *Mirror* should preface the poem with language like the following, is queer enough. That paper says:

> With a heart as warm as a woman's, and an intellect as prescient as a prophet's, uniting in a more eminent degree than any man we know, the *Suaviter in modo*, with the *Fortiter in Re*, he is just the sort of a Ruler to stand between the North and the South, and say to the troubled seas of faction—"Peace, be still." We believe he will not only pacificate Kansas; but consolidate the Republic, over which if his life is spared, he is yet destined to hold the highest executive position.

The *Mirror* man does not know Mr. Walker as well as either the people of Wisconsin, the people of Mississippi, or as the English creditors of the defunct Valley Railroad, have learned to know him.

BEWARE OF THE MERCHANTS HOTEL, CHICAGO! —The Chicago papers of yesterday, expose a heartless piece of extortion, practiced by a man named MOORE, landlord of the Merchants Hotel, Chicago, upon a poor and friendless woman, who was on her way, with three little children, from Hudson, N. Y., to Fond du Lac, Wisconsin.—For the privilege of sitting in the public room of his house, without fire or refreshment, a few hours, while waiting for the Milwaukee train to start, this Shylock charged and extorted *four dollars*—all she had left. Complaint, however, was made to the Police, and the landlord reluctantly restored the money. It is safe to avoid a house kept by such an unconscionable landlord.

PERSEVERANCE OF LADY FRANKLIN.—A rumor reached England some time since of ships having been seen by some of the Northern Esquimaux. Lady Franklin has placed in the hands of the referees, Sir F. Beaufort, Sir Roderich Murchison, and Captains Collinson and Osborn, £500, one-tenth of which sum is offered to those who may obtain the first indubitable proofs of her majesty's missing or abandoned ships which the report in circulation refers to; and the remaining £450 to such persons as shall discover the position of the *Erebus* and *Terror*, or ascertain the fate of any of the 135 missing individuals belonging to them, yet unaccounted for.

A LONG TRIP.—The little steamer *Appleton Belle*, which has gone down the Neenah river to Green Bay, has had, according to the Portage City *Record*, a long trip. She left Pittsburg, Penn., (where she was built), six weeks ago.—Going down the Ohio river to the Cumberland mouth, she put up that river heavily laden, some two hundred miles to Nashville, in the middle of Tennessee. Re-loading herself there, with southern products, she again returned to the Ohio, passed down the Mississippi, and so up the Wisconsin, and thence to Portage.

A LONG TRAIN.—The Detroit *Free Press* says "a train consisting of one hundred and two long freight cars, filled with live stock, (mostly cattle) from Chicago and Joliet, was brought over the Michigan Central Railroad yesterday. The train was drawn by three engines, and the cars contained upwards of one thousand head of cattle, besides a large number of hogs. The train was one of the longest and heaviest ever drawn over this, or any other road."

LUMBERING ON THE WISCONSIN.—The Kilbourn City *Mirror* reports the river as risen to within two feet of its height last year, and still rising. It learns that the amount of lumber to be run down this season will be from 125 to 150,000,000 feet, most of which will pass the Dells in the next few weeks.

DROWNED.—At Sheboygan, on Thursday of last week, a man named EDWARD MANN, a sailor on board the schooner *North Star*, in attempting to rescue a boy who had fallen into the river, was drowned. His body was not recovered. The boy succeeded in getting out safely.

A HANDSOME ADVANCE.—The proprietors of the New York *Times* have been offered $40,000 advance on the property which they purchased at the Brick Church sale. They have refused the offer, and are going on immediately to erect a splendid building on the site.

THE MILWAUKEE & MISSISSIPPI R. R.—The St. Paul *Advertiser* thus welcomes the completion of our Prairie Road to the Mississippi and speaks in best terms, of its importance as a thoroughfare:

> Mr. W. F. Tompkins, Esq., agent of the Milwaukee & Mississippi Railroad arrived last week in this city and states that that road has been finally completed and is now in running order to Prairie du Chien. It only awaits the opening of the lakes to connect with a line of first class boats to St Paul. These boats were built at Pittsburgh during the past winter expressly for this route and combine all the qualities which experience has found requisite to enhance the popularity of our river boats. Everything points to this road, at least for the present, as the natural avenue of travel and transportation of the country north and west of it. By this route, the traveller starting from St. Paul can reach Milwaukee in twenty-six hours, and Chicago via Janesville in twenty-eight hours.
>
> The prospects of this road at this moment are of the most flattering character. Its final completion to the Mississippi river gives it the entire control of the travel and business of the vast tide of immigration which is pouring into Minnesota and Northern Iowa—while the great agricultural district, included in these newly developed grain producing regions, must necessarily seek this channel of exportation.

A BAD FIX FOR THE RUFFIANS.—The Topeka, Kansas, *Tribune* gives the following account of the very bad state of things which Judge Jeffries Lecompte found, on opening Court at Leavenworth recently:

> The case of H. Miles Moore, charged with usurpation of office, in accepting the position of Attorney General under the Topeka Constitution, was called up on Thursday week, when, *mirabile dictu*, no vestige of the indictment could be found: every nook and cranny of the judicial precincts were ransacked, but to no purpose, the all-important documents were essentially *non est*, and what is still more wonderful, the Court is in the same predicament in regard to all prosecutions against the Free State prisoners during the last winter. The loss of the papers, however, if not found, will relieve the Court of much evident embarrassment. It will have neither to convict, nor back down. Not finding any clue to the missing documents, the Court has adjourned until the 2d of May next.

CAVE DISCOVERED IN GRANT CO.—The Grant Co., *Herald* has an account of a cave recently discovered in the town of Millville, which has been partially explored, the party finding several apartments of great beauty. After passing through two small rooms, says the *Herald*:

> They entered a much larger room, heigth 16 feet and beautifully ornamented with variegated spar, some resembling pearly white marble, and some was found transparent and crystalised. On the sides are tall fluted columns and carved like pictures in carbonate lime, much resembling stucco work; also, small stalactites of every hue and form. The work of nature in this room might pass for the samples of fancy chiselings wrought by some wild master artist, whose progress in the fancifuled him into a sphere of blundering perfection. Thence through a narrow way as before they entered a room furnished in great splendor—more like a nice temple than a cavern. This splendid room, Mr. G. says, would pay for a day's ride to see. There is the altar, and above the beautiful curtain work of marble, and on the sides the niches and pannelled work—which the imagination cannot avoid making into a rich palace of some great untutored lord. Every move of the light in this grand temple-like room reflected upon a new set of shining gems which sparkled as an orchestra of dancing stars.
>
> Other rooms were visited which presented similar beauty and richness. The explorers think they went about 200 feet and were prevented from going further by a small waterfall for which they were unprepared. It must be one of the most beautiful sights in the country and will probably be visited soon by thousands.

☞ George Trow started the Dredge at work on the bar near the mouth of the Harbor Piers, on Wednesday morning last. The weather was beautiful, and the Dredge rattled away with a merry sound, that fell with the pleasantness of a musical cadence upon the ears of sailors, shippers and citizens.—*Sheboygan Times.*

The Accident on the Michigan Southern R. R.

The Chicago *Tribune*, of yesterday, brings the following particulars:

SAD RAILROAD ACCIDENT—FIVE PERSONS KILLED. —We received from Mr. W. B. Goodwin and J. S. Ridley, passengers by the Southern Michigan cars, last evening, an account of a very serious accident to the Express train on Tuesday night, coming west. Between Toledo and Adrian and about twelve miles from the latter place, at half past 1 o'clock yesterday morning, that train ran against a cow. After dragging the cow some distance, the tender was thrown off the track. The forepart of the first passenger cars having broken an axle, was thrown off into a ditch, leaving its rear end across the track. The second passenger car then ran against the hind end of the first, staving it clear into the baggage car in advance, instantly killing five persons which were in the first car, and seriously injuring several others. A gentleman and his wife from Mercer county, Pa., on their way to settle in Wisconsin, together with one of their children, some eighteen months old, were among the killed, leaving another child some three years old, unharmed. Another man, name unknown, was killed and his body horribly mangled; he was from Wayne county, New York, bound to Wisconsin; was some thirty years of age, heavy black mustachios, and well dressed, in black. Lastly a child some eighteen months old, of Mrs. Ellen Brown, killed in its mother's arms. This Mrs. Brown, together with her mother, Mrs. Palmiter, were quite seriously injured. Mr. P., his wife and two boys, with Mrs. Brown, were emigrating from New Lyme, Ashtabula county, Ohio, to Sheboygan county, Wis. The father and younger son were somewhat injured; two other men were considerably bruised in the limbs; and several others were slightly hurt. The bodies of the killed were taken to Adrian for inquest, and the railroad authorities took care of the injured family and others. The scene of the accident was a gloomy one, far from any house, near midnight and raining. No surgical aid was had till morning, when physicians were brought from Adrian. The suffering and comfortless scene, as described by our informant, was truly a sad one.

A STEAMBOAT TAKING A PLUNGE.—By the last advices from Oregon, we learn that the steamboat *Portland*, running on the Columbia river, had gone over the falls at Oregon City. The Portland *Argus* gives the following particulars:

> The engineer for the time was Dutch Pete, a fireman. When the boat first shoved off from the Mills, her rudder became unmanageable, and she went broadside upon the break-water, her stern slewed around, and she went over stern foremost. Just at this juncture Dutch Pete jumped over-board into the basin, but was carried over the break-water, when he caught hold of a saw-log that was fast, and soon was roped out by persons in the mill. The boat darted with great rapidity down the shute, towards the falls, stern foremost, her engine working all the time. Before she reached the brink of the falls Jamieson and Bell jumped off. The boat, in going over the brink of the falls, broke in two, and whistled. She was torn into ten thousand fragments, which soon came drifting past the city. Her pilot-house came down almost entire, containing trunks, clothing, bedding, guns, and other articles, which were nearly dry, showing that it escaped being submerged in making the fearful passage.

Capture of an American Slaver in the West Indies—Fearful Mortality among the Negroes on board.

[From the Falmouth (Jamaica) Post.]

On Thursday last, the 16th instant, the inhabitants of St. Ann's Bay was thrown into a state of considerable excitement by the arrival of a schooner—evidently American—towed into port by H. M. brig Arab. It was soon ascertained that the schooner was a slaver, and that she had on board a large number of captives. It appears that the captain of the Arab had received information that a bark and schooner were expected in Cuba from the coast of Africa, each with a cargo of slaves. A strict watch was therefore kept, and on Monday, the 13th inst., a suspicious looking craft was seen, with a full press of sail, making the best of her way to her destined port.

She was closely pursued, and the captain finding that there was no possibility of escaping from the Arab, deserted her, taking with him in a shallop his crew, money, chronometer and other useful articles. The commander of the Arab despatched his gun boat with fifteen men, under the command of his first lieutenant, with orders for the capture of the shallop. The chase continued for nearly three hours—and a shot having destroyed the rudder of the shallop, the captain, who was owner of the slaver, surrendered. Two of his principal slavers, and an interpreter, were taken from the shallop, and the crew were left in it to make the best of their way to Cuba. The first lieutenant then boarded the schooner, and found her filled with young Africans, males and females, to the number of 378, no less than 127 having fallen victims to the horrors of the middle passage during a voyage of 29 days.

The poor captives were in a wretched condition—all of them were naked—and the greater part seemed to have been half starved. They were packed closely together, and covered with dirt and vermin. On the arrival of the schooner in St. Ann's Bay, several gentlemen went on board, and their sympathies were excited at the misery they witnessed. Messrs. Bravo & Bro. suggested measures which were adopted, and with their liberality ordered a steer to be killed and soup prepared for the sufferers; other gentlemen furnished ground provisions, bread, &c., and while the food was being prepared, the whole of the human cargo was brought upon deck, washed, and had blankets given to them until clothing could be procured. Thirty of them were in a dying state, but the most humane attention was paid to them, and up to the time when our informant left St. Ann's Bay they were all alive and expected to do well.

The Captain of the schooner refused to give his name, or the name of his vessel, but stated that he would be a loser of $30,000—a loss which did not cause him much concern, as he had made other successful trips. A great deal of information, however, has been obtained from the interpreter, who mentioned that several vessels were left on the African coast—that they were to have sailed soon with full cargoes—that upon an average two vessels departed weekly each with 500 to 700 slaves on board—that the trade was rapidly increasing—and that the slaves on being landed in Cuba were worth from $500 or $700 each. With regard to those that were captured in the schooner, there was but one day's supply of provisions on the day of the capture, and so limited was the quantity of food dealt out to them during the passage, that when they saw the soup, bread, yams, &c., which were sent aboard by the gentlemen of St. Ann's, they made a rush to get at them, and it was found necessary to exercise a rigid discipline, in order that the numbers that were most enfeebled should be the first supplied.

The slave schooner has two decks, and between them the captives were packed in such a manner that they had scarcely room to move. During eight days of the voyage they sat in a painful posture, eighteen inches only being allowed for each to turn in, and in a deck room of thirty feet in length 300 human beings were stowed away, and brought up in platoons once every day to get a small portion of fresh air.—The schooner draws but six feet of water, is of great breadth, and flat bottomed, and was thus built to enable her, in case of pursuit, to run into a port where there was not much depth of water. The interpreter states that when the slave trading captains cannot escape cruisers, they make their way to a particular point of land on the Cuban coast, run the vessels ashore, and leave the slaves to perish. The place alluded to is surrounded with rocks—none but flat bottomed boats can get in—and the whole of that portion of the coast is blanched with human bones.

The commander of the Arab is in pursuit of the bark that sailed in company with the schooner, and we hope that we shall soon have accounts of her capture.

THROUGH THE LAKE.—The staunch steamer Galena, of this city, under the command of Capt. Laughton, was the first boat that reached St. Paul this year from below the Lake. The steamers War Eagle, Golden State, Galena and some eighteen others, impatient of the tardy opening of the Lake, forced a passage along the east shore, the War Eagle leading the van. The Golden State was soon left behind, and after running side by side with the War Eagle four or five miles, the Galena took the lead and arrived at St. Paul in advance of every competitor.

The story that a costly banner and a purse of $500 was awaiting the first boat through to St. Paul, proves to have been unfounded, but the city authorities of St. Paul did release the boat from wharfage dues during this season. These dues are $16 the trip, and if the Galena has her usual good luck she will save $500 by the operation.—*Galena Adv.*

ASYLUM FOR THE INSANE.—The commissioners of the Asylum for the Insane, Ex-Gov. Farwell, Hon. Levi Sterling, and John P. McGregor, have determined upon the site, near this city, already owned by the State. By this action the State saves some $15,000 or $20,000 worth of building materials already upon the ground.

The commissioners at their recent session here, elected Ex-Gov. Farwell as the President of the commission, Mr. Sterling, Superintendent, and Mr. McGregor Secretary.

A resolution was adopted by them to restrict the cost of the edifice, for the erection of which they are about to contract, within the amount appropriated by the Legislature for that purpose—viz: $100,000. The commission adjourned to-day, until the 29th inst.—*Madison Journal, May 6.*

The Trial of Emma A. Cunningham Burdell, for the Murder of Dr. Burdell.

As early as half past eight o'clock this morning the third floor of the new Court House in the Park, presented a very unusual appearance. The Marine Court having vacated the room adjoining that usually occupied by the Circuit Judge, workmen were busily engaged in putting up a formidable barrier between the two rooms; the main court room being for the the accommodation of the public at large, and the other for the counsel, the witnesses, the jurors, and the reporters. By nine o'clock, the attendance was much larger than on ordinary occasions, and at 10 o'clock, when Judge Davies took his seat on the bench, every available position was occupied.

The Circuit Court was formally opened by Harry Bertholf, the first deputy, and the Clerk proceeded to call the pannel of petit jurors summoned for the Circuit. This ceremony occupied nearly an hour. The jurors of the Circuit were then discharged until Monday next.

At 11 o'clock, Henry Vandervoort, Esq., clerk of the Sessions, called the pannel of petit jurors summoned for the Oyer and Terminer. Mr. Attorney General Cushing, A. Oakey Hall, Esq., District Attorney, and Charles Edwards, Esq., appeared as counsel for the prosecution. On the part of the prisoner there appeared Henry L. Clinton and Gilbert Dean, Esqs.

One hundred and thirty-four jurors not having answered to their names, the Court fined them $25 each, stating that the like fine would be imposed for every day of absence during the term.

Such of the jurors as had excuses to offer were then called. The first one was Mr. Amidon, who had served on the coroner's inquest, and he was at the instance of the District Attorney, excused. A number of jurors have been excused, but not one sworn up to 12 o'clock, when this report closed.

At a quarter to one o'clock, the District Attorney said "If the Court is ready to proceed, we will call on the case of Mrs. Cunningham, indicted for murder."

Mr. Dean, for the prisoner, said:—"We are ready on the part of the defence." The prisoner, attired in deep mourning, was then conducted to a seat by the side of her counsel.

She looked rather thinner than when we saw her last. Her countenance bore no trace of trepidation or embarrassment. Mr. Clinton said they would waive the reading of the indictment and plead not guilty.

The clerk entered the plea and then proceeded to draw the names of the persons who had answered, and not been excused.

James Mahoney, 21st ward, was the first juror called that answered. Mr. Dean asked the juror if he had expressed any opinion as to the guilt or innocence of the prisoner.

The juror said he had, and had seen no reason to change it.

The District Attorney considered that this was not sufficient as matter of law. The juror had not expressed an opinion unless the Judge should so understand it. The law had said he *may* be excused, but had not said he *shall* be excused.

If he had said the prisoner was innocent, why the juror might be put in the jury box. Mr. Dean excepting, the District Attorney put the question as follows, "What did you say which you term an expression of an opinion?"

The Judge said he wanted to see if the juror had expressed an opinion.

Juror—I said the evidence so far as I read it was not sufficient to convict Mrs. Cunningham. I have no opinion now in point of fact as to whether she is guilty or innocent. I have an opinion that there was a murder committed.

Mr. Dean said they denied that any murder had been committed, and that was one of the issues they had to try. They intended to offer every facility to the getting of a jury—all they wanted was an impartial one.

The Judge said that he understood it to be settled that to exclude a juror he must have formed or expressed an opinion, and the Judge did not consider that this juror had expressed any opinion.

Mr. Dean said they should challenge for favor, and asked for triers.

The District Attorney suggested the having for triers one lawyer and one layman.

This was assented to by the other side.—*N. Y. Commercial, May 4.*

A Jury was empannelled before the Court adjourned. The names, occupations, &c., are thus given in the *N. Y. Tribune* of the 5th inst:

Crop Intelligence.

KENTUCKY.—We are informed by intelligent farmers in Henry and Owen counties, that the crops in that section are highly promising. There will be plenty of fruit, the wheat looks well, and as the ground is generally in better order and condition than it has been for years, a heavy yield of everything is anticipated. We hope these expectations may be abundantly realized.

MISSOURI.—The St. Louis *Democrat* of a late date, exults in the fact that neither the snow, nor the sleet, nor the ice has yet seriously injured the peach crop in this region. Unless "something happens" we will have an abundance of this delicious fruit.

TENNESSEE.—The Knoxville *Whig* says that there has been sown an unusually large amount of wheat in the East Tennessee, and if the season is good from this till harvest, there will be a crop gathered that will astonish the natives. If nothing happens to the growing crop, in view of the amount that has been sown, it will yield our people in the thirty counties of this end of the State two millions of dollars.

The English Royal Family.

The English papers are jubilant over a recent event in the royal household: and in this connection the London *Star* says: "It may be necessary to remind the public that the Queen and Prince Albert have been providentially blessed in their family circle. They are now the parents of nine children, and they have had to mourn the loss of none. The eldest of the royal children, the Princess Royal, is 17 years of age, the Prince of Wales is 16, the Princess Alice 14, Prince Alfred 13, the Princess Helena 11, Princess Louisa 9, Prince Arthur 7, and Prince Leopold 4: in all, four sons and five daughters."

STONE FOR THE BRIDGE.—Before commencing the Railroad Bridge, at this place, it was feared that stone of a suitable quality for the pier and abutments could not be procured in the vicinity. A quarry was however selected, and the stone proved to be of an excellent quality, for sandstone. We understand that Chief Engineer WOODWARD pronounces them entirely adequate to their use. They are blasted out, of immense size; and split with wedges, that they may be moved by a derrick and teams; and when they shall be dressed and laid into a pier seventy feet high, we think they will make a respectable appearance, and as permanent as the rocks on each side.—*Kilbourn City Mirror.*

ACCIDENT.—We regret to state that Miss Castella met with quite a serious accident yesterday, in attempting to walk up the wire, previous to the afternoon performance. She had attained a height of about 25 feet, when the wheel barrow by some means got off the wire, and she lost her balance and fell to the ground, striking on her left shoulder and back. It was thought at first that she was seriously if not fatally injured, but we were informed last evening that they were comparatively slight. The performance at best is but a useless display of daring, and Mr. North would himself credit by dispensing with it altogether.—*Racine Advocate.*

Senator Seward taught a school in Putnam county, Georgia, in 1819—39 years ago. The Georgia Journal recomended him then, March 2, 1819, as follows:—

"The rector, Wm. H. Seward is late from Union College, New York, from which institution he comes highly recommended as a young gentleman of *good moral character and distinguished industry and literary acquirements.*"

MARRIED.

On the 6th instant, at the residence of O. D. Nash, Esq., by Rev. J. Riordan, SAMUEL MARSHALL, of Madison, to EMMA S. HAGAR, of this city.

DIED.

At Oshkosh, on Saturday morning, the 2nd inst., JEDEDIAH H. SMALLEY, aged 40 years.

[The deceased was Clerk of the Circuit Court for Winnebago Co. A meeting of the Bar of Oshkosh was held on the 5th, and resolutions of respect to his memory unanimously passed. Mr. SMALLEY married but recently a sister of Rev. Mr. BUCHANAN, of this city.]

In this city on the 7th inst., JAMES BUCHANAN, aged 2 months and 7 days, son of Timothy and Mary O'Brien.

Funeral from house on Main St., between Buffalo and Detroit Sts., this P. M., at 3 o'clock. Friends of the family are invited to attend without further notice.

The *Press* of yesterday says:

Vessel owners are threatening to lay up rather than accept present low rates. The *H. E. Parsons* takes 2,000 bbls of flour, and 5,000 bu of wheat from Milwaukee to Dunkirk at 20c for the former and 6c for the latter.

Sales of spring wheat on board were made at 1,21a1,24 and 1,25 on board next week. Corn was firm, with sales on board at 62. Oats 55c, delivered in bags.

CHICAGO LUMBER INSPECTION.—We give the rates for "Inspection" adopted by Chicago dealers for 1857:

1st Clear.—A perfect board, free from wane, rot, augur holes and knots—must be not less than 10 inches wide and 12 feet long.

2nd Clear—Must not have more than three knots, which can be covered with a dime, admits of a small strip of sap on one side, must be well edged. Clear flooring goes into second clear, and admits of three knots and small strip of sap on one side.

Common—Includes all full merchantable lumber.

Culls.—Shakey lumber, bad sawing—such as ¼ of inch under thickness, wedge boards, joist and scantling less at one end than the other, boards or plank split across the grain, and lumber useable for what it is intended for.

The Ice at Buffalo.

The *Republic* of the 5th says:

NAVIGATION.—We had sanguine hopes yesterday of chronicling the resumption of navigation, but are compelled to wait a day or two. The ice is very much broken up and scattered about, but a quantity has placed itself athwart the mouth of the harbor, which is impervious, and we must wait until it drifts by. A channel appears open on the north shore as far as Point Abino, and the opinion is general that steam vessels once out can get through. At all events the opening is near at hand unless a violent change of wind should bring it back and lodge it fast again in the Bay. Several propellers will make the attempt to get through to morrow morning.

GOT OFF.—Captain Fortier arrived here yesterday with the bark *Norman*, which went ashore at Long Point last fall with a large cargo of wheat. She was unloaded, gotten off, and brought in via Chippewa. Capt. F. informs us that about half her cargo will be saved, in good condition.—*Buffalo Republic.*

FIRST SHIPMENT OF GRAIN FROM KENOSHA.—The schooner *Game Cock*, Capt. Gilmore, is loading at the pier this morning with wheat. She takes on 10,500 bushels for Buffalo.—*Kenosha Tel.*

☞ The schooner *Minnie Kinne*, with 11,500 bushels of wheat from Messrs. Dutton & Raymond's warehouse, sailed yesterday afternoon for Buffalo.—*Racine Adv.*

SAILED.—The schooner *Richard Mott*, Capt. Raymond, loaded with 11,500 bushels of wheat from Messrs. Dutton & Raymond's warehouse, cleared for Buffalo yesterday afternoon.—*Racine Adv.*

Menzel, Cummings and Goodrich's Badger Steam Works.

We "dropped in" upon our old acquaintances, Messrs. Menzel, Cummings & Goodrich, yesterday, at their Foundry, corner of Main and Chicago Sts., 3rd Ward, to see what they were doing. Mr. Menzel is one of the late firm of Menzel, Stoss & Co., 5th Ward, and the new firm purchased the steam engine machinery of the old one, Mr. Stoss intending to confine his business to the manufacture of Threshing Machines. Cummings & Goodrich have been long established, and favorably known as makers of boilers of every size and kind. The new firm, going into the manufacture of Steam Engines and the usual work of a complete foundry, are laying out about $40,000 in putting their works into order for service.—They occupy three lots, with a front of 60 ft on Main Street, 254 ft. on Chicago, extending to Milwaukee St, and 120 ft. on Milwaukee St. The whole space is to be covered with their buildings, as soon as the new ones, now being erected, 120 ft. square, for the foundry, boiler shop, sheet iron shop, &c., are finished.

At present, the establishment gives employment to about 40 men, and this force will be largely increased. There are now in hand in various stages of progress, the following engines:

One of 60 horse power, for a gang saw mill, for M. & M. Stoss, for the p'nerice.

One of 40, for a saw mill in Washington Co.

One of 25, for Champion & Oakley's shop in the 4th Ward, for making ornamental wood-work.

Another of 25 for Washington Co.

One of 20, for D. Blatz' brewery, in this city.

There are also in hand, for extensive repairs, the two engines for the steam tug just built at Port Washington. The establishment is also doing the iron work for repairing the Propeller *Allegany*.

We take pleasure in noticing from time to time the progress of these manufacturing establishments in our city, and wish them success, and for none of them are our good wishes more sincere than for the firm above noticed, whose enterprise and industry deserve all credit.

Steamer Planet.

We paid a hasty visit, yesterday, to the steamer *Planet*, which belongs to the Lake Michigan Steamboat Co., and leaves here on alternate evenings with the *Traveller*, for Chicago, at 9 P. M. We found our old friend Capt. Butlin, formerly of the *Arctic*, on board, and proud enough of his new craft, as he well may be.

The *Planet* is about 1100 tons register, a capital sea boat, and runs very swiftly. She made her last trip down from Chicago in 5 hours and 50 minutes, without any attempt at speed, and will be sure to land her passengers in Chicago in ample time for the earliest trains East. She registers about 100 tons more than the *Ocean*, but can carry 2,000 barrels of flour more, at the same draft of water.

She is fitted up in magnificent style. The saloons are ornamented with white and gold, and are of ample height and width. The staterooms abaft the wheels, on both decks, are luxuriously fitted up, each having a genuine *comfortable bed*, instead of a berth, and every stateroom is provided with cork life-preservers, which the ladies are at liberty to use for pin-cushions if they please.—There are berths aboard for about 300 passengers.

The *Planet* is supplied with apparatus for extinguishing fires, by which any part of the boat could be flooded in a few minutes, and is built below in water-tight compartments, so that she is entirely safe.

It will be a luxury to travel on such a boat. She leaves again for Chicago to-morrow night. Johnson & Olmsted are the agents of the line.

City Matters.—The following Lots and Alleys in the Second Ward have been declared nuisances, by reason of stagnant water standing thereon, and required to be filled within ten days:

In block 51, the alleys.
" " 52, lots 3, 6, 8 and 12, and alleys.
" " 45, " 1, 2, 7 and 14.
" " 36, " 8 and 14.
" " 41, " 6, 8, 9 and 10.

A sewer is directed to be built in front of Lots 9, 10, 11 and 12, Block 10, Seventh Ward, within thirty days.

Sealed proposals are invited by the Aldermen of the Seventh Ward, until Monday, May 11th, for removing the scrapings from the streets and alleys in the Ward, and cleaning the same where owners, or occupants of lots may fail to do it, from May 15th to November 1st.

Second Street, from Walnut to North street, Humbolt Avenue, from the Canal Bridge to Centre street, and Centre street, from Humbolt Avenue to west line of Section 16 are ordered to be graded, (the side walk included) within 30 days.

The following lots and blocks in the Fifth Ward have been declared nuisances and ordered to be abated within twenty-one days. Lots 3, 4 and north half of 5, block 12; lot 12, block 15; lot 10, block 10; east half block 26; east half block 11, all in Walker's point; lot 2, block 21 and lot 4, block 11, in Milwaukee proper. The owners of lots in said Wards are required to keep the streets and alleys adjoining in good repair, and to clean the same to the centre, and to remove all dirt and rubbish, every Friday of each week during the year.

First Propeller Arrival from Oswego.—The propeller *Kentucky*, of the old Oswego Line, arrived at Dousman's dock yesterday, with a full cargo of merchandise from New York to this city. This is the first cargo of merchandise through from New York this season, and the first of a new line to run between Oswego and this city this season. This is said to be the quickest water communication between New York and Milwaukee.—Fitzhugh & Littlejohn, Oswego, proprietors, F. S. Littlejohn, Agent for New York, Albert Lee at Dousman & Co.'s, Agent for this city.

Blackwood for April.—We are indebted to the publishers, Leonard Scott & Co., 79 Fulton Street, N. Y., for an early copy of Blackwood for April. The contents are—1. All Fools' Day—a Political Pantomime.—2. Scenes of Clerical Life—Mr. Gilpil's Love Story. 3. Afoot. 4. Botany and Brigands in Greece. 5. The Athelings, part XI. 6. The Land of Gold. 7. Meleager's Lament for his wife. 8. Remonstrance with Dickens. 9. Letters from a Light House, No. 5. Blackwood is sent to subscribers at $3.00 per annum, and with any one of the Quarterlies, for $5.00.

Dr. Baird's Lecture.—We were led into an error yesterday by saying that Dr. Baird would deliver his last lecture last evening, owing to a change made in the programme. He will deliver his last lecture *this evening*. The subject is an excellent one,—Italy and Spain,—and we would take this opportunity to recommend all who have not heard the Doctor, to go to his lecture this evening. Dr. Baird's lectures have proved a most interesting course, and he will be long remembered by the citizens of Milwaukee.

[illegible] This celebrated [illegible] of musicians [illegible] music loving public [illegible] with their [illegible] making a tour [illegible] the state, and [illegible] in Fond du [illegible] through [illegible] day evening [illegible] du Lac on Mon[illegible] Hall at [illegible] Amory's splendid ne[illegible] ment in the [illegible] spoken of as one of the fi[illegible] hed family ha[illegible] happy to see that this distingui[illegible] worthy of the ho[illegible] lected for its dedication. They are we[illegible] du Lac upon and we congratulate the citizens of Fond du [illegible] talented their good fortune, in securing the services of this [illegible] ed troupe for the occasion. They may expect a rare treat. We trust that the Peak Family will not "lay up" until they give us a renewal of their inimitable entertainments. This would be hailed with delight by our music loving citizens, and Albany Hall would undoubtedly be filled to its utmost capacity during the engagement.

Milwaukee Brick in danger of being Superseded East.—In the course of an article upon different kinds of building material, the New York *Herald* says:

> Among other kinds of house building material coming into use we notice Toronto yellow pressed brick. We have a few houses built of Milwaukee yellow brick in this city—the Trinity Buildings is an instance—but they soon become discolored. Not so this Toronto brick. In Canada it retains its color for ten and fifteen years.
>
> The Trinity buildings spoken of by the *Herald*, afford a very poor specimen of Milwaukee brick. We very much doubt if they are our brick at all. They do look dull and dingy.—*Wisconsin*, of last evening.

The brick used in the Trinity buildings, above mentioned, are not Milwaukee brick at all. They were from Buffalo, and are about equal to the brick that we use here for inside walls. The *Herald* should know this fact, as it has been often enough stated in the New York papers.

Paving.—We are glad to see that the work of paving Main St., with square stone, and the streets leading from Main to East Water St., with the same excellent material, is progressing again. We trust that there will be no delay in pushing this good work forward to an early completion. Main street is bound to be, at no distant day, our principal retail business street, and its 20 feet side-walks will furnish ample room and verge enough for the most expansive crinolines.

The Circus.—North's Circus made its appearance in our city, yesterday forenoon, and exhibited in the afternoon and evening to crowds of spectators. The promised ascension of the single wire, by Miss Castella, did not come off, the lady having suffered a severe fall at Racine Tuesday. The Circus exhibits again this afternoon and evening, and then goes elsewhere.

☞ By Mr. Shoyer's advertisement, it will be seen that he has engaged Mr. Eaton, formerly with Peck & Baker, and lately with Bradford Bros., to purchase goods and superintend the retail department of the "Bee Hive." Mr. Eaton's well known taste in selecting goods, will add much to the attractions of the establishment.

Shipping Wheat to Michigan.—The Schooner *Napoleon* cleared for Grand River, Michigan, yesterday, taking 5,850 bushels of wheat, the supply of which is getting very scarce in that region.

Millinery.—Miss A. Thompson, No. 30 Wisconsin Street, has something important to say to the ladies this morning, about millinery, dress making, &c.—See her advertisement.

Great Sale of 150 Lots in
PLANKINTON'S ADDITION.

THE SUBSCRIBER will offer for sale, at Public Auction, on the ground, on May 20th, 1857, one hundred and fifty of these valuable lots, situated in the most healthy and desirable part of the Ninth Ward, lying high and dry, and commanding a fine view of the whole city and harbor. This property is rapidly increasing in value, owing to the number of improvements now in progress or recently completed in this Ward, such as the handsome German Cathedral on Cherry Street, &c., &c. As these lots are very nearly on the grade established by the city, the expenses of the grading will be very light, although they are sufficiently elevated to render the drainage perfect. The streets are now being run out and will probably be graded and the sidewalks built in the course of the coming summer. Maps of the addition will be furnished on the day of sale, describing the lots for sale, &c. The terms of sale are very easy, being one-fourth cash and the balance in three equal annual payments, with interest at the rate of seven per cent, per annum, ten per cent of the purchase money to be paid on day of sale. This is the last chance that will be given for persons to obtain any of these valuable lots at a low figure, as the balance will be withdrawn from market, immediately after this sale. The sale will commence precisely at 10 o'clock A. M., unless postponed on account of the weather. Omnibusses will run from the corner of East Water and Wisconsin Streets, on the day of sale, to convey persons to and from the ground, free of charge.

Great and Extensive Sale of Lots in Portage City, Columbia Co., Wis.
TWO HUNDRED LOTS.

THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comforts that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects so flattering as Portage City; and I would say to all who have money to invest, and who are seeking a house, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 12th, 13th and 15 h, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. The list of lots I will publish in a few days. They will be sold on very easy terms.

The District Attorney announced at the close of the session of the court of Oyer and Terminer yesterday, that he had but three or four witnesses more to examine, and that he should rest the case of Messrs. Cunningham in the course of two hours.

The main feature of yesterday's evidence were as follows:

THAT COMPOSITION
ROOFING!

WEST'S PATENT GALVANIC CEMENT!

WHICH PROPERTY HOLDERS in this city and State are substituting for Shingle, Tin, Iron and Slate for covering buildings, has been in use over fifteen years, but only to a very limited extent, until within the past five or six years.

It was first used simply for *stopping leaks* of shingle roofs, about chimneys, scuttles, gutters, &c., and for covering tin roofs when they had become defective and worthless; then for covering over old shingle roofs, and finally for *entire new roofs*.

It is *unlike* any other composition roofing material, and differs in *one more very essential particular*, in that it has

NEVER FAILED!

And consequently gives *perfect satisfaction*.

The following *facts* and *testimonials* are in *substance*, such as are obtained wherever it has been introduced:

Within the past year, I have paid *three hundred and seventy three* dollars for *repairing leaky* and *defective* roofs. The composition used for such improvements is known as *West's Galvanic Cement*, for roofing. I am so well satisfied of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan St. ALEX. MITCHELL.

During the winter of 1856 and 7, I had *West's Galvanic Cement* for roofing, applied to the Excelsior Block erected on the corner where the United States Hotel was burned. This roofing although yet in an unfinished condition, having only about *one half* the composition of a complete roof, and that put on in the most *unfavorable season*, is in *all respects* answering the purpose of a complete roof. *These facts*, together with many others within my knowledge are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most *perfect* and *reliable* article for covering buildings that has yet been offered to the public. J. B. CROSS,
Mayor of the city of Milwaukee.

I have had the composition above referred to applied to the *Newhall House*, during the past winter, and my *experience*, *knowledge* and *opinion* correspond with and fully corroborate the above facts and conclusion.
DAN'L NEWHALL.

From our knowledge of the composition for *covering buildings*, known as *West's Galvanic Cement*, for roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as *superior to any other article* of the kind now in use, and worthy of the fullest confidence of the public.

Since this article has come into general use there have been numerous patent *compositions, imitations* and *impositions* offered to the public; they have had their "brief day" of pretention, but the *time of trial* has proved them *all* lacking *some* of the *essential requisites* for a *perfect* and *reliable* roof, as we are *abundantly prepared to show*.

We learn through our master builders and architects that nearly all the buildings under contract for the coming season are by contract to have *West's Galvanic Cement Roof*.

ROBINSONS DOWNWARD DRAFT

GRID IRON.

"What though with lavish kindness

The Sirloin steaks are strewn,

Some Bridget in her blindness

Will cook them hard as stones."

The author of the above lines should purchase one of Robinson's Grid Irons, and the poor Bridget would have something on which she could cook a steak as it should be.

[From the Boston Advertiser.]

A good beef-steak, well cooked, so seldom appears in the line of most men's lives, that we think a very great advance has been made in civilization by the introduction of a new *gridiron*, which enables even a stupid attendant to cook a steak perfectly well. So great is the advance, that we gladly call to it the attention of our readers.

This new gridiron accomplishes three desiderata:

1. It saves all the gravy of the meat, none dropping into the fire.

2. It cooks the steak through, without burning the outside.

3. It prevents the passage of any smoke into the kitchen or house.

The grand result, as we are made certain by the judgment of many experts, as well as our own more fallible taste, is, that with less trouble, meat is broiled better than ever before.

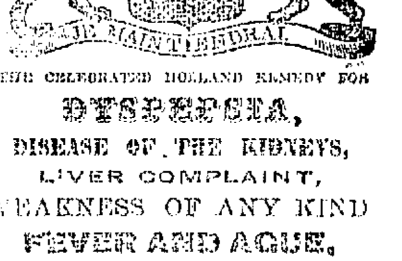
MEDICAL.

BOERHAVE'S

HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
